

LAW OFFICES OF

EILEEN S. GILLIS

February 16, 2010

To Whom It May Concern:

I would like to take an opportunity to offer a formal recommendation for BizTech Plus. As our IT consultant, BizTech Plus has provided excellent customer service as well as advanced technological solutions for my business.

I am Eileen Gillis and I am an attorney at law with a practice in the Sacramento area. In late 2008, I purchased a new server from a different service provider. The new server did not work properly from its inception and I was forced to look for a different IT professional to help alleviate my stress and fix my new server. Upon hiring BizTech Plus, I saw immediate improvement in my system. Within a short period of time, not only did BizTech Plus have my server running properly for the first time, they also had my workstation running faster and smoother. BizTech Plus's technician pulled an "all nighter" in order to turn my server around quickly and avoid disruption to my busy family law practice.

Due to the increase in speed and decrease of down time and frustration, I have been able to increase my productivity well beyond my expectations. My bottom line has soared.

BizTech Plus is a great example of a company that gives support to businesses in a professional, courteous manner and that is committed to keeping their timelines. Their dedication to providing excellent technological services makes them the perfect fit for my business or any business that depends on their technology to work with minimal interruption.

I would highly recommend BizTech Plus to any business in need of IT support and/or solutions. Please feel free to contact me with any questions.

Sincerely,

A handwritten signature in blue ink that reads "Eileen Gillis".
